

## A New Sports Drink “Wayamba SporTea” from WUSL Won the Gold

A research team from the Department of Plantation Management of Faculty of Agriculture and Plantation Management in Wayamba University of Sri Lanka (WUSL) innovated a new Sports Drink named “Wayamba SporTea” containing Tea. This innovation won the gold medal at the 2<sup>nd</sup> National Symposium on Sustainable Plantation Management, 2020 organized by National Institute of Plantation Management, as the best research paper titled Bioactive Compounds and Antioxidant Capacity of a Sports Drink Containing Tea (*Camellia sinensis* L.) appraising the meritorious work done by Ms. S.C.P. Kudagama, Prof. D.C. Abeysinghe, Dr. Gamika Prathapasinghe and Mr. A.D.R. Gunawardene.
